REMOTE TRUMPET HORN KIT

OVERALL DIMENSION	1' High x 1'6" Wide x 5" Depth. Horn extends Approximately 15" from front of box and approximately 5" from side of box.
CONSTRUCTION	Fabricated 20 and 22 GA Powder Coated Galvanneal. Powdercoated black cabinet.
INFORMATION	Trumpet style horn will sound when HORN button is pressed on the console or when end of period "Auto Horn" sounds (select sports).
CAPTIONS	None.
HORN	110 dB Dual Trumpet 12V Horn mounted on the side at a slight downward angle to prevent rain and snow from accumulating inside. Stainless Steel Construction, Mill Finish.
ELECTRONICS	100% solid state, microprocessor controlled system with locking connectors.
SERVICING	Will be serviceable by removing the front access panel.
COMMUNICATION	Radio communication is standard using a 2.4 GHz Frequency hopping spread spectrum transceiver, same as a scoreboard. Box will have an ID system and can be connected to via the MSC9000 or any 9000 Handheld Radio Consoles using the same process as any 9000 Series Scoreboard.
POWER REQUIREMENTS	120VAC, 3.2 Amp. Installer to provide connection point or junction box to back of box. 20 Amp circuit recommended.
INSTALLATION	May be mounted to any wall surface or to any pole system by using the mounting clips provided and additional structure, such as Unistrut or structural angle (not provided).
ESTIMATED WEIGHT	13 lbs.
WARRANTY	Five year guarantee against defects in materials and workmanship. Factory repair service for parts in warranty. Union label. UL Certified.
